Supporting Families in the Neighbourhood Concepts and examples of Best-Practice in five European Countries

Invitation to the final conference of the Erasmus Project „Effects“

June 26th 2018

Hertie School of Governance, Friedrichstraße 180, Berlin

For two years, „Experts of Families“ coming from five European countries met over a period of two years to share pedagogical, participative and resource oriented socio-spatial concepts of support for families. For this they met in the participating countries England, Sweden, Bulgaria, Croatia and Germany. They would like to present the results of these intensive encounters to an interested audience and share impressions and examples of best practice from the different countries.

Topic of this two year project:

What is “good” educational support and how can the needs of families best be met within a neighborhood?

Concepts and good practice of district work in European comparison

09.30 Uhr: Welcome coffee
